DETAILED ACTION

1. This action is responsive to communication filed 3/2/06.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Specification page 1 Line 4 add

"This action is a national stage entry of PCT/JP99/070050 filed 12/15/99."

Allowable Subject Matter

3. Claims 1-7, 9, 12-16, 18-19 and 21 (renumbered claims 1-7, 8, 9-13, 14-15 and 16, respectively) are allowed.
4. The following is an examiner's statement of reasons for allowance:
5. Applicant amends objected claim 9, rewritten to include all the limitations of the base claim and intervening claims and previous rejected claims 8, 10, 11, 17 and 20 were cancelled. Claims 1-7, 12-16, 18, 19 and 21 were allowed in the previous office

action for the following reason; regarding independent claims 1, 16 and 19. The prior art fails to disclose the third character element is selected when the distance with the character element of the designated second character element string is within a predetermined range with respect to a reference distance that is an acceptable value of predetermined distance based on a reliability when character recognizing the first character element. Claims 2- 7 depend on claim 1. Therefore are also allowable.

Regarding independent claim 12, 18 and 21, prior art fails to disclose obtaining a probability that a search result matches a second character element string, based on the number of the second character element string, and a number of the second character elements, which is a character recognition result including errors, match corresponding first character element out of the second character elements included in the second character elements. Claims 13-15 depend on claim 12. Therefore are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
